

# CB12 250I

**Cable bucket 11-13 tonnes**

## Cable bucket when you need to be surgical

Steelwrist cable bucket is high from cutting edge to attachment bracket which allows you to properly enter the trench without interference with the tiltrotator. To avoid problems that tiltrotator gripper unit has extremely robust cylinders protection.

On the larger buckets (S60 and upwards) oversized pipes are used to increase the stiffness of the buckets, while the sheet metal truss structure used on the smaller buckets to keep the weight down.

### ⚙️ Technical specification

Article	898333	898334
Machine weight (lb)	24200-28600	24200-28600
Quick coupler	S45	S50
