

CB15C 250I

Cable bucket 13-16 tonnes

CB15C = Conical shape

Cable bucket when you need to be surgical

Steelwrist cable bucket is high from cutting edge to attachment bracket which allows you to properly enter the trench without interference with the tiltrotator. To avoid problems that tiltrotator gripper unit has extremely robust cylinders protection.

On the larger buckets (S60 and upwards) oversized pipes are used to increase the stiffness of the buckets, while the sheet metal truss structure used on the smaller buckets to keep the weight down.

Technical specification

Machine weight (lb)	1975866200
Quick coupler	13-16
Tiltrotator	S60
Volume (yd³)	X18
Width (inch)	9.84
Weight (lb)	660
Cutting edge (inch)	14.17
