

# CB15C

## Cable bucket 13-16 tonnes

CB15C = Conical shape

### Cable bucket when you need to be surgical

Steelwrist cable bucket is high from cutting edge to attachment bracket which allows you to properly enter the trench without interference with the tiltrotator. To avoid problems the tiltrotator gripper unit has extremely robust cylinders protection.

On the larger buckets (S60 and upwards) oversized pipes are used to increase the stiffness of the buckets, while the sheet metal truss structure used on the smaller buckets keep the weight down.

#### Technical specification

Article	101186
Machine weight (tonnes)	13-16
Quick coupler	S60
Tiltrotator	X18
Volume (l)	140
Width (mm)	480/300
Weight (kg)	265
Cutting edge (mm)	30
