Cable bucket 16-18 tonnes

Cable bucket when you need to be surgical

Steelwrist cable bucket is high from cutting edge to attachment bracket which allows you to properly enter the trench without interference with the tiltrotator. To avoid problems that tiltrotator gripper unit has extremely robust cylinders protection.

On the larger buckets (S60 and upwards) oversized pipes are used to increase the stiffness of the buckets, while the sheet metal truss structure used on the smaller buckets to keep the weight down.

⚙️ Technical specification

Article	898353	
Machine weight (lb)	35200-39600	35200-39600
Quick coupler	S60	S65
Tiltrotator	X18, X20	360
Volume (yd³)	0.47	0.47
Width (inch)	21.65	21.65
Weight (lb)	726	792
Cutting edge (inch)	1.57	1.57
