Cable bucket 22-26 tonnes

Cable bucket when you need to be surgical

Steelwrist cable bucket is high from cutting edge to attachment bracket which allows you to properly enter the trench without interference with the tiltrotator. To avoid problems the tiltrotator gripper unit has extremely robust cylinders protection.

On the larger buckets (S60 and upwards) oversized pipes are used to increase the stiffness of the buckets, while the sheet metal truss structure used on the smaller buckets keep the weight down.

⚙️ Technical specification

Article	101191	101192
Machine weight (tonnes)	22-26	22-26
Quick coupler	S70	HS21
Tiltrotator	X26	X26
Volume (l)	430	430
Width (mm)	650	650
Weight (kg)	610	630
Cutting edge (mm)	40
