Powered work tool 5-33 tonnes

High performance excavator sweeper

Regardless if you have a need for cleaning pavements, cable trenches, railway switches, tram tracks, roofing, containers, flooding or other disaster areas from debris, material or snow the Steelwrist sweeper range give you the tool to take on the job. Instead of using manual shovels, snow plows or other similar work tools the Steelwrist sweeper range will give you access to the work area in a completely different and much more effective way. Dual direct drive hydraulic motors safeguard the torque needed for efficient brushing and a long lifetime. The sweeper is optimal to be used under the tiltrotator and works great with our SQ technology.

- Works great with our SQ technology
- Dual direct drive hydraulic motors
- Bolt on top brackets available with S-, SQ-, CW- and HS-type standards
- Integrated parking stand
- Mudflap as standard
