

XT4 DF/S40

Tilt Coupler 2-6 tonnes

When a robust tilt function is enough

The Steelwrist tilt coupler is a combination between a robust tilt motor and the patented Front Pin Lock technology from Steelwrist. With the Steelwrist tilt coupler you will get a safe quick coupler solution when you just need the tilt function and not the full blown tiltrotator functionality.

The Steelwrist tilt coupler is based on the steel casted coupler as well as the robust direct fit top with expander pins.
